What is Auspit™?

Auspit™ is an easily portable stand-alone battery-powered rotisserie system from Australia that can be used from the mountains to the beach to your backyard, serving five-star meals to 1-16 people at a time. The motor runs for **over 90 hours** on just two D-sized batteries, and the spit can handle up to **18 pounds** of mouth-watering meats, vegetables, etc. -- you name it!

No Need to Drive to Calgary!
